## Research Interests

**Areas:** Emotions and Emotion Regulation · Socially-Shared Regulation · Computer-Human Interaction · Social Presence · Teamwork Effectiveness · Multi-Modal Analysis · Educational Data Mining

My research focuses on learners' **cognitive and affective experience** in technology-rich contexts. I am also interested in learners and teachers' mental well-beings and coping strategies in human-computer interactions. I am committed to **using advanced technologies** to benefit learners' **social emotional interactions** and aid **teamwork effectiveness**.

## Education

2021-Present **Ph.D. Learning Sciences, Educational Psychology, McGill University**, Montreal, Canada.

Advisor: [Dr. Susanne Lajoie](#)

2019-2021 **M.Ed. Educational and Counselling Psychology, McGill University**, Montreal, Canada.

2015-2019 **B.A. English Language and Literature, Shenzhen University**, Shenzhen, China.

2018 **Certificate of Exchange Student. Cognitive Sciences & British Literature, University of California, San Diego**, California, USA.

## Awards & Honors

**Total awards: ~\$147,000.**

**I made significant contribution in writing grant and fellowship proposals during Ph.D.**

2024 Herschel and Christine Victor Fellowship in Education, *11,000 CAD*

2023 Fonds de recherche du Québec - Société et culture (FRQSC), *83,333 CAD*

2022-2023 Graduate Excellent Award, *20,000 CAD*

2022 Graduate Research Enhancement and Travel (GREAT) Award, *190 CAD*

2022 Education Graduate Students' Society (EGSS) Professional and Research Development Award, *250 CAD*

2021-2022 McGill University International Tuition Scholarship (DFWs), *10,000 CAD*

2021-2022 Educational & Counselling Psychology (ECP) Graduate Excellence Fellowship, *11,800 CAD*

2021 Educational & Counselling Psychology (ECP) Emerging Researcher Award, *8,200 CAD*

2018 USIEA-IELTS Scholarship (awarded by U.S. International Education Association), *1,000 USD*

2017 Foreign Language Exam Scholarship, *200 USD*

Mar. 2017 Excellent Leader in Winter Social Practice, *honorary award*

2016 & 2017 Excellent Student of Art and Sports, *400 USD*

2016 4th Prize in Women's Single in Freshmen Badminton Competition at Shenzhen Univ, *honorary award*

2015 Annual Outstanding Host of the Student Union, *honorary award*

## Research Experience

- Sep. **Advanced Technologies for Learning in Authentic Settings (ATLAS) Research Team, Research Assistant.**  
2019-Present
- Lead projects in socio-emotional interaction and human-computer interaction within technology-rich learning environments.
  - Analyzed multimodal data including verbal, behavioral, and physiological data (e.g., InqScribe for audio transcription; FaceReader for facial recognition, and MATLAB and python for electrodermal activities (EDA) and heart rates variabilities (HRV).
  - Collaborated in literature searching, writing, and publishing research papers in conference proceedings and followed up with new research protocols.

---

## Internship and Work Experience

- Sep. **Bronfman Education Centre, Montreal, Canada, Workshop Teacher on Executive Functions.**  
2019-Dec. 2019
- Participated in a structured field work under the supervision of Dr. Carly, Rosenzweig.
  - Developed resources focused on executive function skills for students transitioning from elementary to high schools.
  - Identified, planned, and delivered subject-theme educational activities for students in Grade 6 and Grade 7.
  - Co-designed an element of training with a supportive and high-performing team.
- Aug. **Shenzhen Yifeng Global Education, Shenzhen, China, IELTS Teacher.**  
2018-Sep. 2019
- Tutored students in English listening, reading, and writing to maximize their understanding and scores.
  - Developed academic strategies, reviewed worksheets and created mock tests to prepare students with IELTS exam.
  - Guided students to adopt effective strategies to learn English and helped them achieve better performance in the IELTS exam (10 percent higher than their original scores).
  - Led and motivated students to complete assignments and helped them improve efficiency and effectiveness in learning.
- Sep. **Blang Education Center Co., Ltd., Shenzhen, China, English Teacher.**  
2017-Dec. 2017
- Attended teacher training sessions and learned about general teaching standards.
  - Assisted supervisors in preparing teaching materials, writing reports, and other academic affairs, improving quality of teaching and working efficiency.
  - Taught English to Grade 11 and Grade 12 students, and helped them improve their English grammar, reading, writing, and speaking, and prepare for the Hong Kong Diploma of Secondary Education Examination (HKDSE).
  - Collected feedbacks from students and improved teaching practices.

## Teaching

- 2024 Winter EDPE 375 **Introductory Statistics**, Teaching Assistant
- Assisted the course instructor in the online course that provides an introduction to the fundamentals of descriptive and inferential statistics.
  - Attended office hours and reply to students' inquiry about the course regarding topics in descriptive statistics include introduction to statistics, measures of central tendency, variability and correlation.
  - Assessed students' assignments on inferential statistics concentrate on basic procedures in between-group hypothesis testing using dependent and independent t-tests and within-group hypothesis testing using correlation.
- 2023 Fall EDPE 640 **Emerging Technologies for Educational Change**, Teaching Assistant
- Evaluated, marked and responded to students' reflections and discussions on the discussion forum.
  - Assisted the course instructor Dr. Adam Dubé with group presentation submissions.
  - Evaluated and marked students' final projects including the annotated bibliographies and papers related to the application of technology in various learning contexts, for instance, virtual reality in medical training, gamed-based learning for children engagement, and generative Artificial Intelligence in education.
- 2022 Winter EDPT 204 **Creating and Using Media for Learning**, Teaching Assistant
- Facilitated discussions and responded to students' questions on Perusall, a discussion forum for collaborative learning and knowledge sharing.
  - Assisted the instructor with small group discussions and evaluated the lab activities.
  - Evaluated and marked students' media products on educational technologies such as Adobe Spark, FlipGrid, and Peardeck.
- Nov. 2021 EDPE 666 **Foundations of Learning Science**, Guest Speaker
- Introduced analytic methods on think-aloud protocols including transcript techniques and coding skills in previous research projects in Learning Sciences.
  - Assisted group leader to lead class activity in better knowledge acquisition of the topic.
  - Boosted students' critical thinking and answered students' questions in class.
- 2021 Fall EDPT 200 **Integrating Educational Technologies in Classrooms**, Teaching Assistant
- Assisted the course instructor's instruction in class and facilitate students with reading materials on Launchpad.
  - Helped with the small group discussions, lab activities, and personal website building during the class.
  - Evaluated and marked students' weekly journal and critical reflections.

## Advising

- 2024 **Flavie Couillard, Psychology Honors Thesis:** *Evaluating the functions of facial recognition tools in medical simulation tasks*, co-mentored by Dr. Jason Harley

## Leadership and Community Activities

- 2023 Fall **Social Interaction & Research Communication-Doctoral Consortium at McGill ECP, Founder.**
  - Founded and host bi-weekly online doctoral consortium forums that invites guest speakers from international institutions to share their latest insights in their domain of expertise.
  - Facilitated interactions and conversations among invited scholars and graduate students who are interested in learning and/or conducting research on diverse topics in Educational Psychology.
- 2023 summer **The 20th Biennial European Association for Research on Learning and Instruction (EARLI) Conference, Section chair.**
  - Host a round-table discussion where four papers presentations were involved on the topic of Teaching Practices as the section chair.
  - Facilitated conversations on research thoughts exchange among audience and presenters.
- Sep.2022- **The Quebec Scientific Entrepreneurship Program (QcSE), Member.**
- Dec.2022
  - Participated in a 12-week program subsidized by the Fonds de recherche du Québec.
  - Communicated with other STEM and Social Science researchers from Quebec, learned the fundamentals of entrepreneurship, and evaluated an idea's market potential, transforming academic research into a world-changing tech company.
- 2022 Summer **Educational and Counselling Psychology (ECP) Programs Event, Speaker.**
  - Discovered, prepared & presented information about the Learning Sciences concentrations for upcoming graduate students in Educational and Counselling Psychology.
- Sep.2021- **Department of Educational Psychology and Counselling Psychology, International Student Group**
- Sep.2022 **(ECP-ISG), Community Member.**
  - Organized two social events (virtual due to COVID) for supporting international students' mental and social needs.
  - Coordinated with community members to hold academic workshops for students on formal writing and professional development.
  - Attended committee meetings to discuss potential actions to build up stronger connection in the ECP community and host supportive workshops and events.
  - Organized a video competition on the topic "How have you experienced multiculturalism at McGill?".
- Nov.2019- **Department of Educational Psychology and Counselling Psychology at McGill University, Hiring**
- Mar.2020 **Committee – Co-Student Representative.**
  - Attended a training on equitable recruitment practices.
  - Reviewed and ranked candidates' confidential application documents.
  - Attended committee meetings to determine the short list of applicants to be interviewed and organized the "Lunch with ECP Graduate Students."

Mar.2017- **Shenzhen Lighten Entrepreneurship Promotion Association, Coordinator.**

- Mar.2018
- Participated in the formulation of the Chamber of Commerce to organize programs, committed to internal membership building, and coordinated communication.
  - Assisted the founder in publicizing affairs, issued invitation and created sign-up applet to ensure the smooth running of the normal operation and activities.
  - Structured meeting record, advanced the implement of proposal.

---

## Workshops Host

2023 Fall CREATE lab Methods workshops, Co-Host

- Co-host the bi-weekly methodology workshops with Dr. Nikki Lobczowski for training junior PhD students on practical methods applications in their research interests.
- Organized and participated in the training of students in qualitative analytics methods such as code mapping and crowdsourcing.
- Worked collaboratively with Dr. Lobczowski to operate the workshops smoothly, including designing the content for workshop flyers, outlining workshop slides and making appointments for meeting cohorts.

## Technical Skills

**Softwares & Languages**

**Quantitative analysis:** Python, R & RStudio, MATLAB, SPSS, MPlus, RapidMiner, Epistemic Network Analysis, SmartPLS

**Qualitative Analysis:** MAXQDA, NVivo

**Visualization:** Tableau, Figma, XMind

**Transcription:** OpenAI Whisper, Microsoft Azure Cognitive Services

**Languages:** English, Mandarin (Native or bilingual proficiency), Cantonese (Full professional proficiency), French (Elementary proficiency)
